

Making a difference at home

ATTENTION HAMPSHIRE, MINERAL, AND HARDY COUNTY COMMUNITIES

FNB Bank would like to give back to our community with more than just a monetary donation.

FNB BANK has created **"Making a difference at home"** a community project initiative; an opportunity for our employees to give back.

Each year a committee of volunteer employees will solicit ideas from our community. We will then choose a project from your ideas. The chosen project will be completed between mid-summer and early fall.

Projects may include:
Park clean-up, sprucing up a playground, painting, etc.
The ideas are ENDLESS!
