III. Bank Transactions with Online Banking

- A. Account Access. You may access all of your personal accounts online. One of these accounts must be a primary checking account
- B. Transfer of Funds. In addition to viewing account information, you may use Online Banking to conduct the transfer of funds. You may make one-time transfers or schedule future or recurring transfers such as transfers to make loan payments. You may transfer funds among our checking accounts, savings accounts, and money market accounts.

Note: Because regulations require the Bank to limit preauthorized transfers (including Online Banking transfers), the following limitations apply:

- *Savings Account* – You can make no more than six (6) withdrawal transfers per **MONTH** by preauthorized or automatic transfer or by telephone or Online Banking.
- *Money Market and Premier Money Market Account* – You can make no more than six (6) transfers per **MONTH** by preauthorized or automatic transfer or by telephone or Online Banking.

Please note: If there are not sufficient funds in the account, we cannot complete the transfer. However, future recurring transfers will be not impacted.

There is no limit on the number of transactions you may make in the following manner: (a) transfers to any loan account with the bank; or (b) transfers to another bank account of yours or withdrawals when such transfer or withdrawal is initiated in person, by mail, or at an ATM.

- C. External Transfers. External accounts are for accounts of FNB customers at other financial institutions. These accounts are established for the sole purpose of customers being able to move funds to and from their own accounts at other institutions. Micro deposits will be utilized to assist in the accuracy of account numbers during the approval process.

FNB customers can setup a payee by sending an email or text message to the payee and have them finish the setup process by entering their card information. IV. **Bill Pay Transactions**

Instructions for Setting up Payees & Payments:

Payees: If you want to add a new "Payee," first select the "Payee" tab located in the bill pay or speak to a service representative.

- The Financial Institution reserves the right to refuse the designation of a "Payee" for any reason.

Payments: You may add a new payment to a "Payee" by accessing the service and entering the appropriate information. Most other additions, deletions, or changes can be made in writing or by using the service.

- You may pay any "Payee" with-in the United States (including U.S. territories and APO's/AEO's).
- The Financial Institution is not responsible for payments that cannot be made due to incomplete, incorrect, or outdated information.

The Bill Paying Process:

Single Payments – A single payment will be processed on the business day (generally Monday through Friday, except certain holidays) that you designate as the payment’s processing date, provided the payment is submitted prior to the daily cut-off time on that date. The daily cut-off time, which is controlled by the Bank, is currently 4:00 p.m. EST.

A single payment submitted after the cut-off time on the designated process date will be processed on the next business day. If you designate a non-business date (generally weekends and certain holidays) as the payment’s processing date, the payment will be processed on the first business day following the designated processing date.

Recurring Payments: When a recurring payment is processed, it is automatically rescheduled by the system. Based upon your selected frequency settings for the payment, a processing date is calculated for the next occurrence of the payment. If the calculated processing date is a non-business date (generally weekends and certain holidays), it is adjusted based upon the following rules:

- If the recurring payment’s “Pay Before” option is selected, the processing date for the new occurrence of the payment is adjusted to the first business date prior to the calculated processing date.
- If the recurring payment’s “Pay After” option is selected, the processing date for the new occurrence of the payment is adjusted to the first business date after the calculated processing date.

Note: If your frequency settings for the recurring payment specify the 29th, 30th, or 31st as a particular day of the month for processing and that day does not exist in the month of the calculated processing date, then the last calendar day of that month is used as the calculated processing date.

Single and Recurring Payments: The system will calculate the *Estimated Arrival Date* of your payment. This is only an estimate, so please allow ample time for your payments to reach your “Payees”.

Cancelling a Payment: A bill payment can be changed or cancelled any time prior to the cutoff time on the scheduled processing date.

Liability:

- You are solely responsible for controlling the safekeeping of and access to your Personal Identification Number (PIN).
- If you want to terminate another person's authority to use the Bill Pay service, you must notify the Bank and arrange to change your PIN.
